

From the Memory of Hiroshima and Nagasaki:

For a Nuclear Weapons Free World

Appeal by the Japan Association of Lawyers Against Nuclear Arms (JALANA) to participants of the Oslo Conference

We call for the following 5 things:

- 1. Remember Hiroshima and Nagasaki**
- 2. Realise a Nuclear Weapons Convention as soon as possible**
- 3. Reduce the threat of use of nuclear weapons**
- 4. Ensure that nuclear weapon states fulfil their responsibility to disarm**
- 5. Envision a world without nuclear weapons or war**

JALANA JALANA is a lawyers' group working to support the Hibakusha (atomic bomb survivors) of Hiroshima Nagasaki and for the abolition of nuclear weapons (Japanese affiliate of IALANA).
